## About Breheny

Formed 19th March 1963, Breheny are a large family owned civil engineering company and have been included in the NCE Magazine's Top 100 Civil Engineering Companies list, 2017, 2018 and 2019.

We provide civil engineering services to almost two thirds of the country from our offices in Suffolk, Yorkshire, Cambridgeshire, Kent and Hampshire.

We work in the following sectors:

- Highways
- Bridges
- River & Marine
- Utilities & Energy
- Environmental

Our people are our biggest asset and as a family business we value our people and are committed to training, developing and rewarding them. Our average length of service sits at 11 years which is something we are very proud of given that we have over 315 employees.

We actively encourage career development of our staff through various mentoring and ICE Training Schemes.

You will get the platform at Breheny to make an impact and be successful. Join us to enhance your career.
